Re: Immunization requirements for 6th grade

Date: April 2013

Please find enclosed copy of Department of Health and Senior Services updated immunization requirements for all 6th graders. This applies to all students who will be entering the 6th grade as of September of 2013

The two new requirements are: 1) DPT Booster 8:57-4
2) Meningococcal Vaccine.8:57-4.20

These vaccines may be obtained from your own Pediatrician or may be obtained from our Bloomfield Department of Health and Human Services, (Information sheet included).

Students are advised to present documentation on or before the first day of school, September 2012. A maximum grace of one week for provisional status, will be enforced as per state administrative rules N.J.A.C.,8:57-4.2

Any questions please do not hesitate to call my office:
